Mr. President,
Distinguished Governors

Following the call for applications for the position of Europa Forum accountant by President Drazen Melcic of the Europa Forum in Zagreb, and after having taken note of the characteristics of the proposed position, I have the honour of submitting my application to represent DM 103 France in the proposed position and to join the Europa Forum team.

The many functions I have held during my career have given me a strong interest in international relations, and I believe I can put my knowledge of this field to good use in the Europa Forum team.

My professional career as well as my Lion career and the different responsibilities I have exercised make me think that I have the skills to exercise the function of supervisor and management controller and to carry out efficiently the missions that may be entrusted to me within the team.

Those who work with me know my attachment to teamwork, my openness to human contacts and exchanges, as well as my ability to adapt to various situations. These are, I believe, assets that I would be happy to put at the service of the Europa Forum.

As I am not a fan of long speeches, I remain, Mr President, Ladies and Gentlemen, at your entire disposal to answer any questions you may have.

I look forward to hearing from you all, and assure you of my complete dedication, loyalty and friendship.

Jean Paul FELDMANN
PDG 2012 - 2013
